

# Luis Revilla

Software developer

<https://luisrevilla.website>

Born: Oct 22nd 1989

Nationality: Venezuelan

New York, NY

(650) 521-2161

[luisrevillameza@gmail.com](mailto:luisrevillameza@gmail.com)

---

## Main skills:

UI engineering. Javascript. HTML. CSS (grid, flexbox, animations). React.js. Node.js. Webpack. React Native. Git. Linux shell. MongoDB. SQL. C#. Xamarin. Responsive design. Test driven development. State management in web applications. Creative writing in English and Spanish. Exceptional learning and communication skills.

---

## Relevant experience:

**Full-stack engineer** at En Breve News, LLC.

From **Oct 2017** to **present**.

César Miguel Rondón is the most important radio personality in Venezuela. His voice is behind "Al Dia", an audio newsletter app on Android and iOS. I was in charge of designing, implementing and maintaining the system, composed by mobile clients with React Native, a REST API with Node.js and MongoDB and a web client for the app admins to create and publish newsletters. Integration with Cloudinary. +6000 active installs.

**Frontend engineer & Co-founder** at CrowdSwap/Swapig (Startup Chile 16).

From **Dic 2015** to **Oct 2017**.

I taught myself the modern web stack to build our MVP. Then I used my writing skills to fill the application forms for an important startup accelerator in South America (we were admitted). Developed and maintained web (jQuery first, then React-based) and mobile clients (Xamarin).

.

## Writing/media career:

**Freelance writer** in Buenos Aires, Argentina

From **May 2014** to **Nov 2015**.

Work: Sportswriting; copy writing and editing for websites and software applications; video scripting and editing; corporate communications, pitch decks.

**Advertising copywriter** at Saatchi & Saatchi Venezuela

From **Aug 2013** to **Apr 2014**

Work: Copywriting for some of the biggest consumer brands in Venezuela, across all media platforms.

**Production Assistant** at Union Radio, Venezuela.

From **Jul 2012** to **Aug 2013**

Work: Content production for the (at the time) most prestigious sports radio show in Venezuela, "Los Cronistas". Writing daily scripts, contacting potential interviewees, and even joining the anchors to talk on live radio.

**Reporter** at Sinuniforme.com, in Venezuela

From **Jul 2011** to **Jul 2012**

Work: Daily reporting on Venezuelan and international sports. On-site coverage of important events and games in professional baseball, soccer and others disciplines.

---

## Education:

Electronic Engineering at Universidad Simón Bolívar (Caracas, Venezuela).

From **Sept 2006** to **Jul 2011** (no degree).
